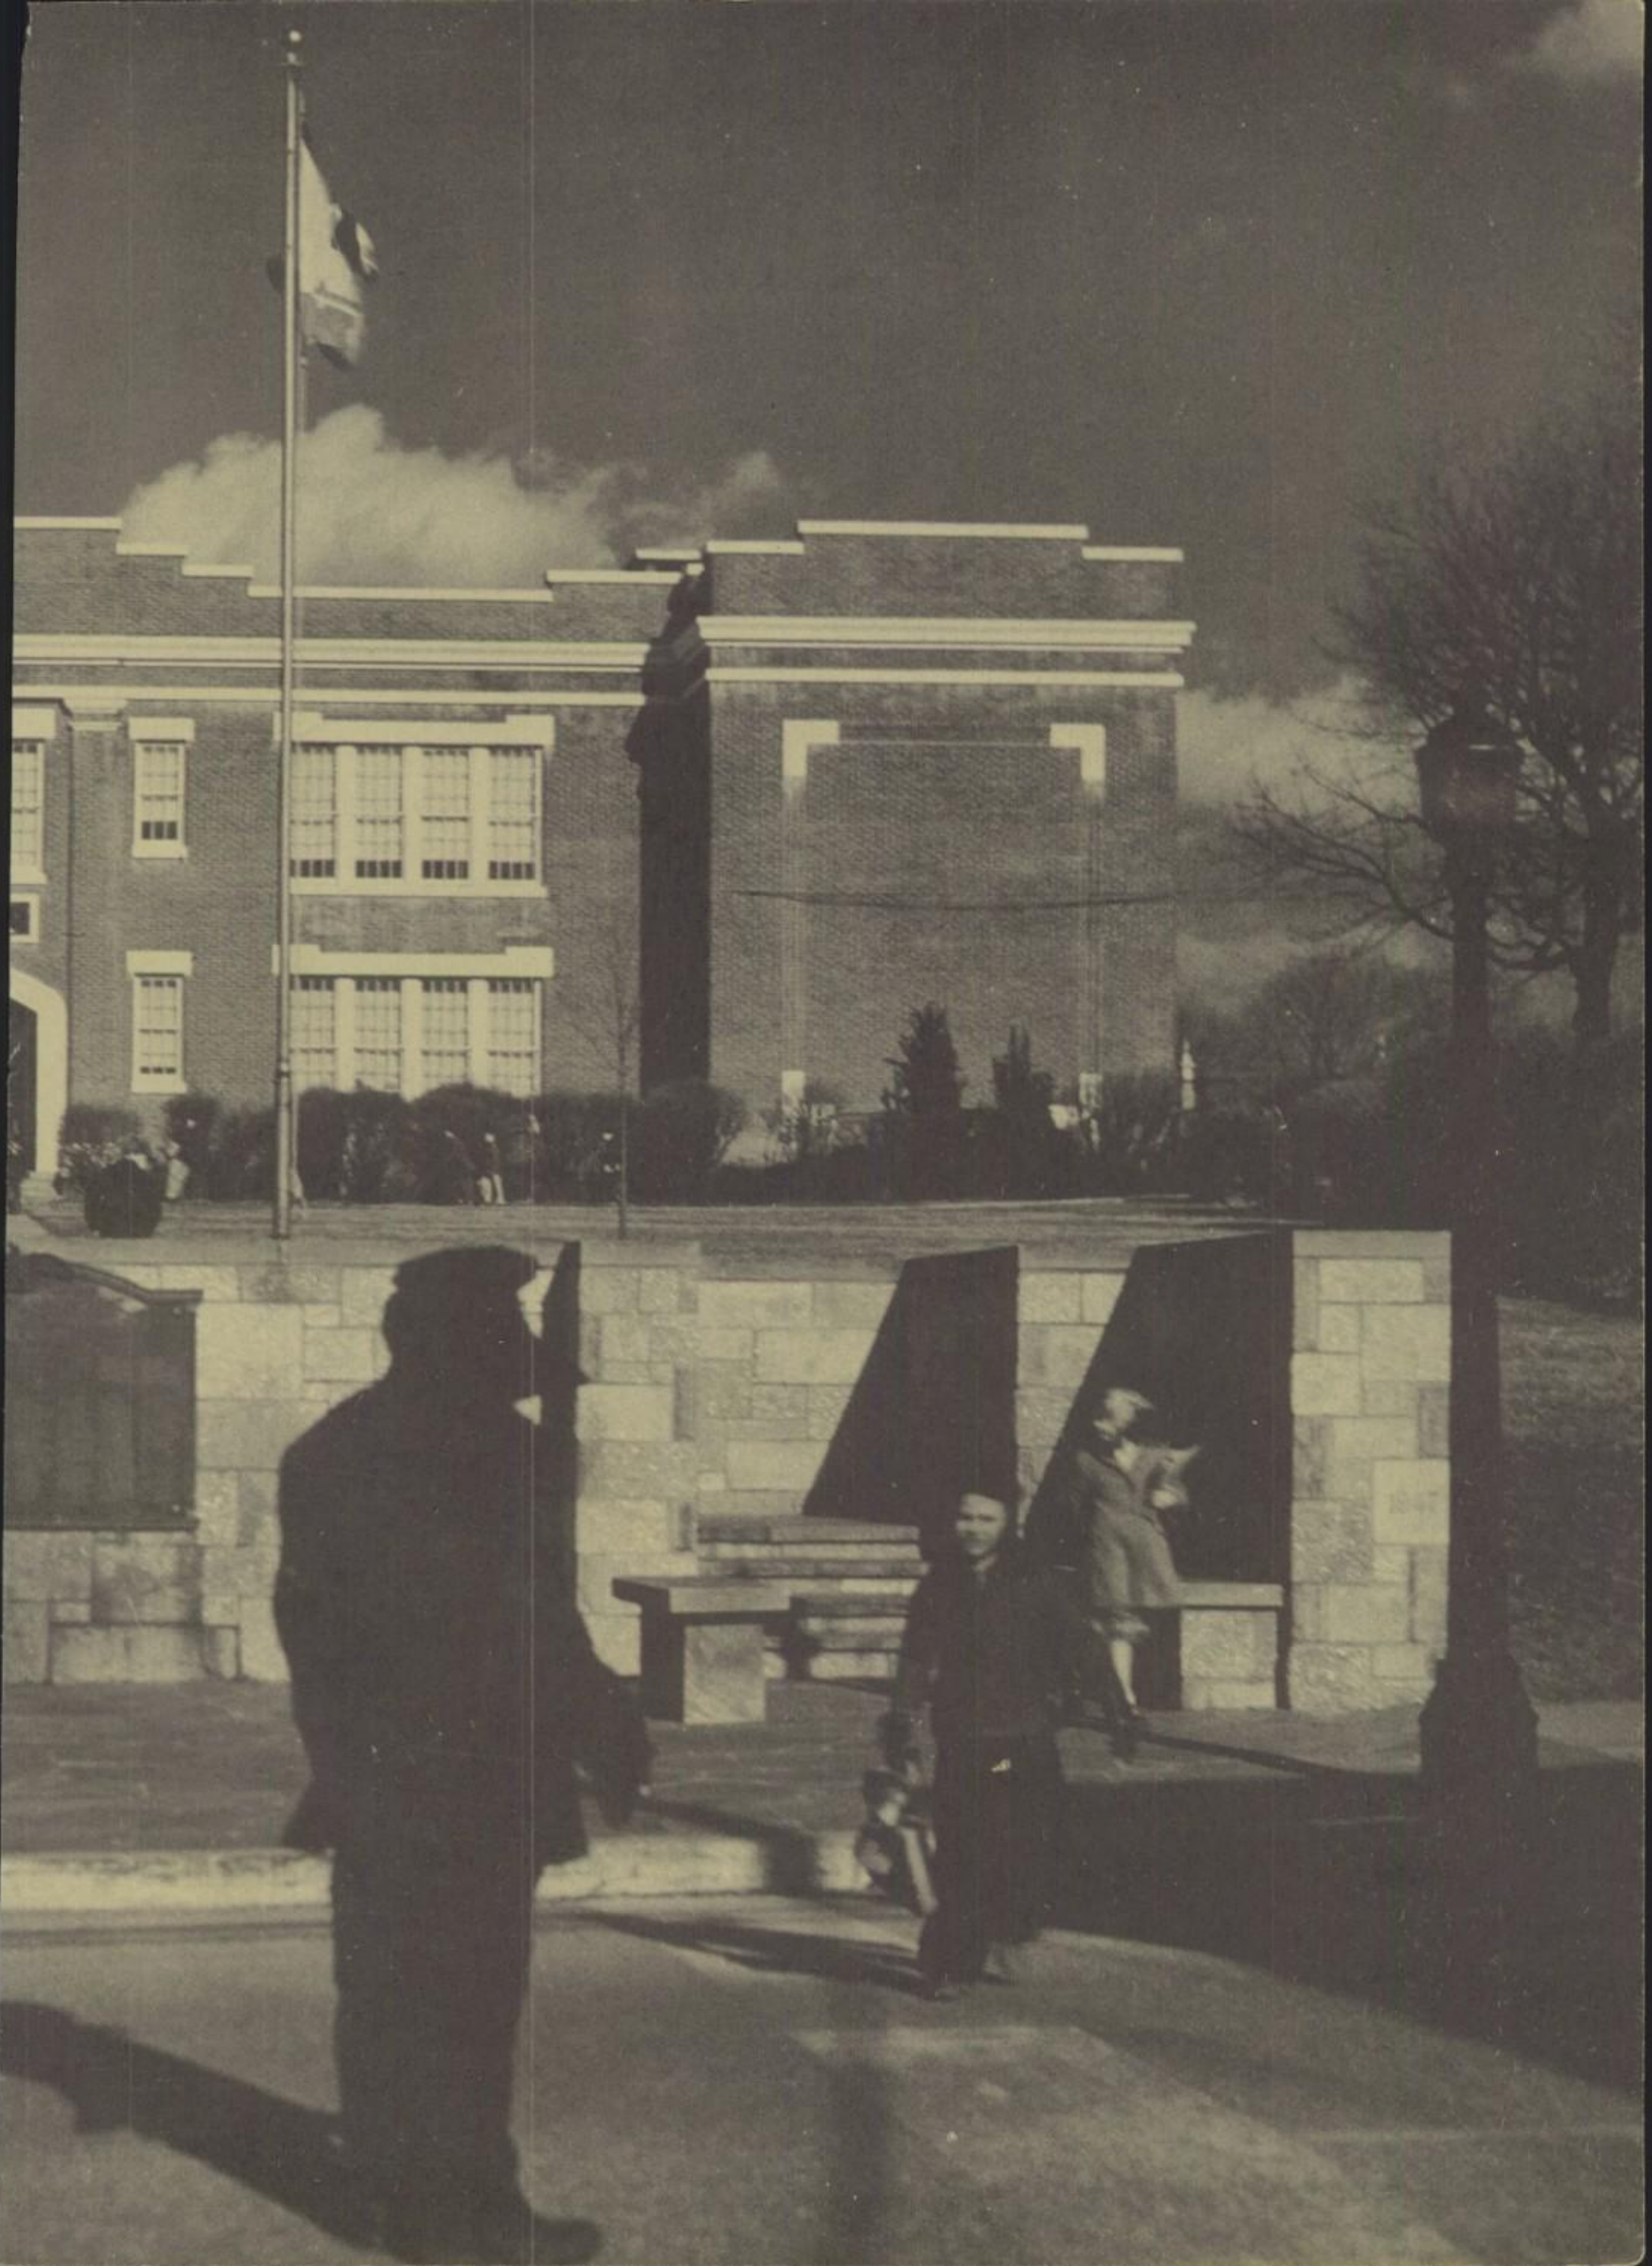
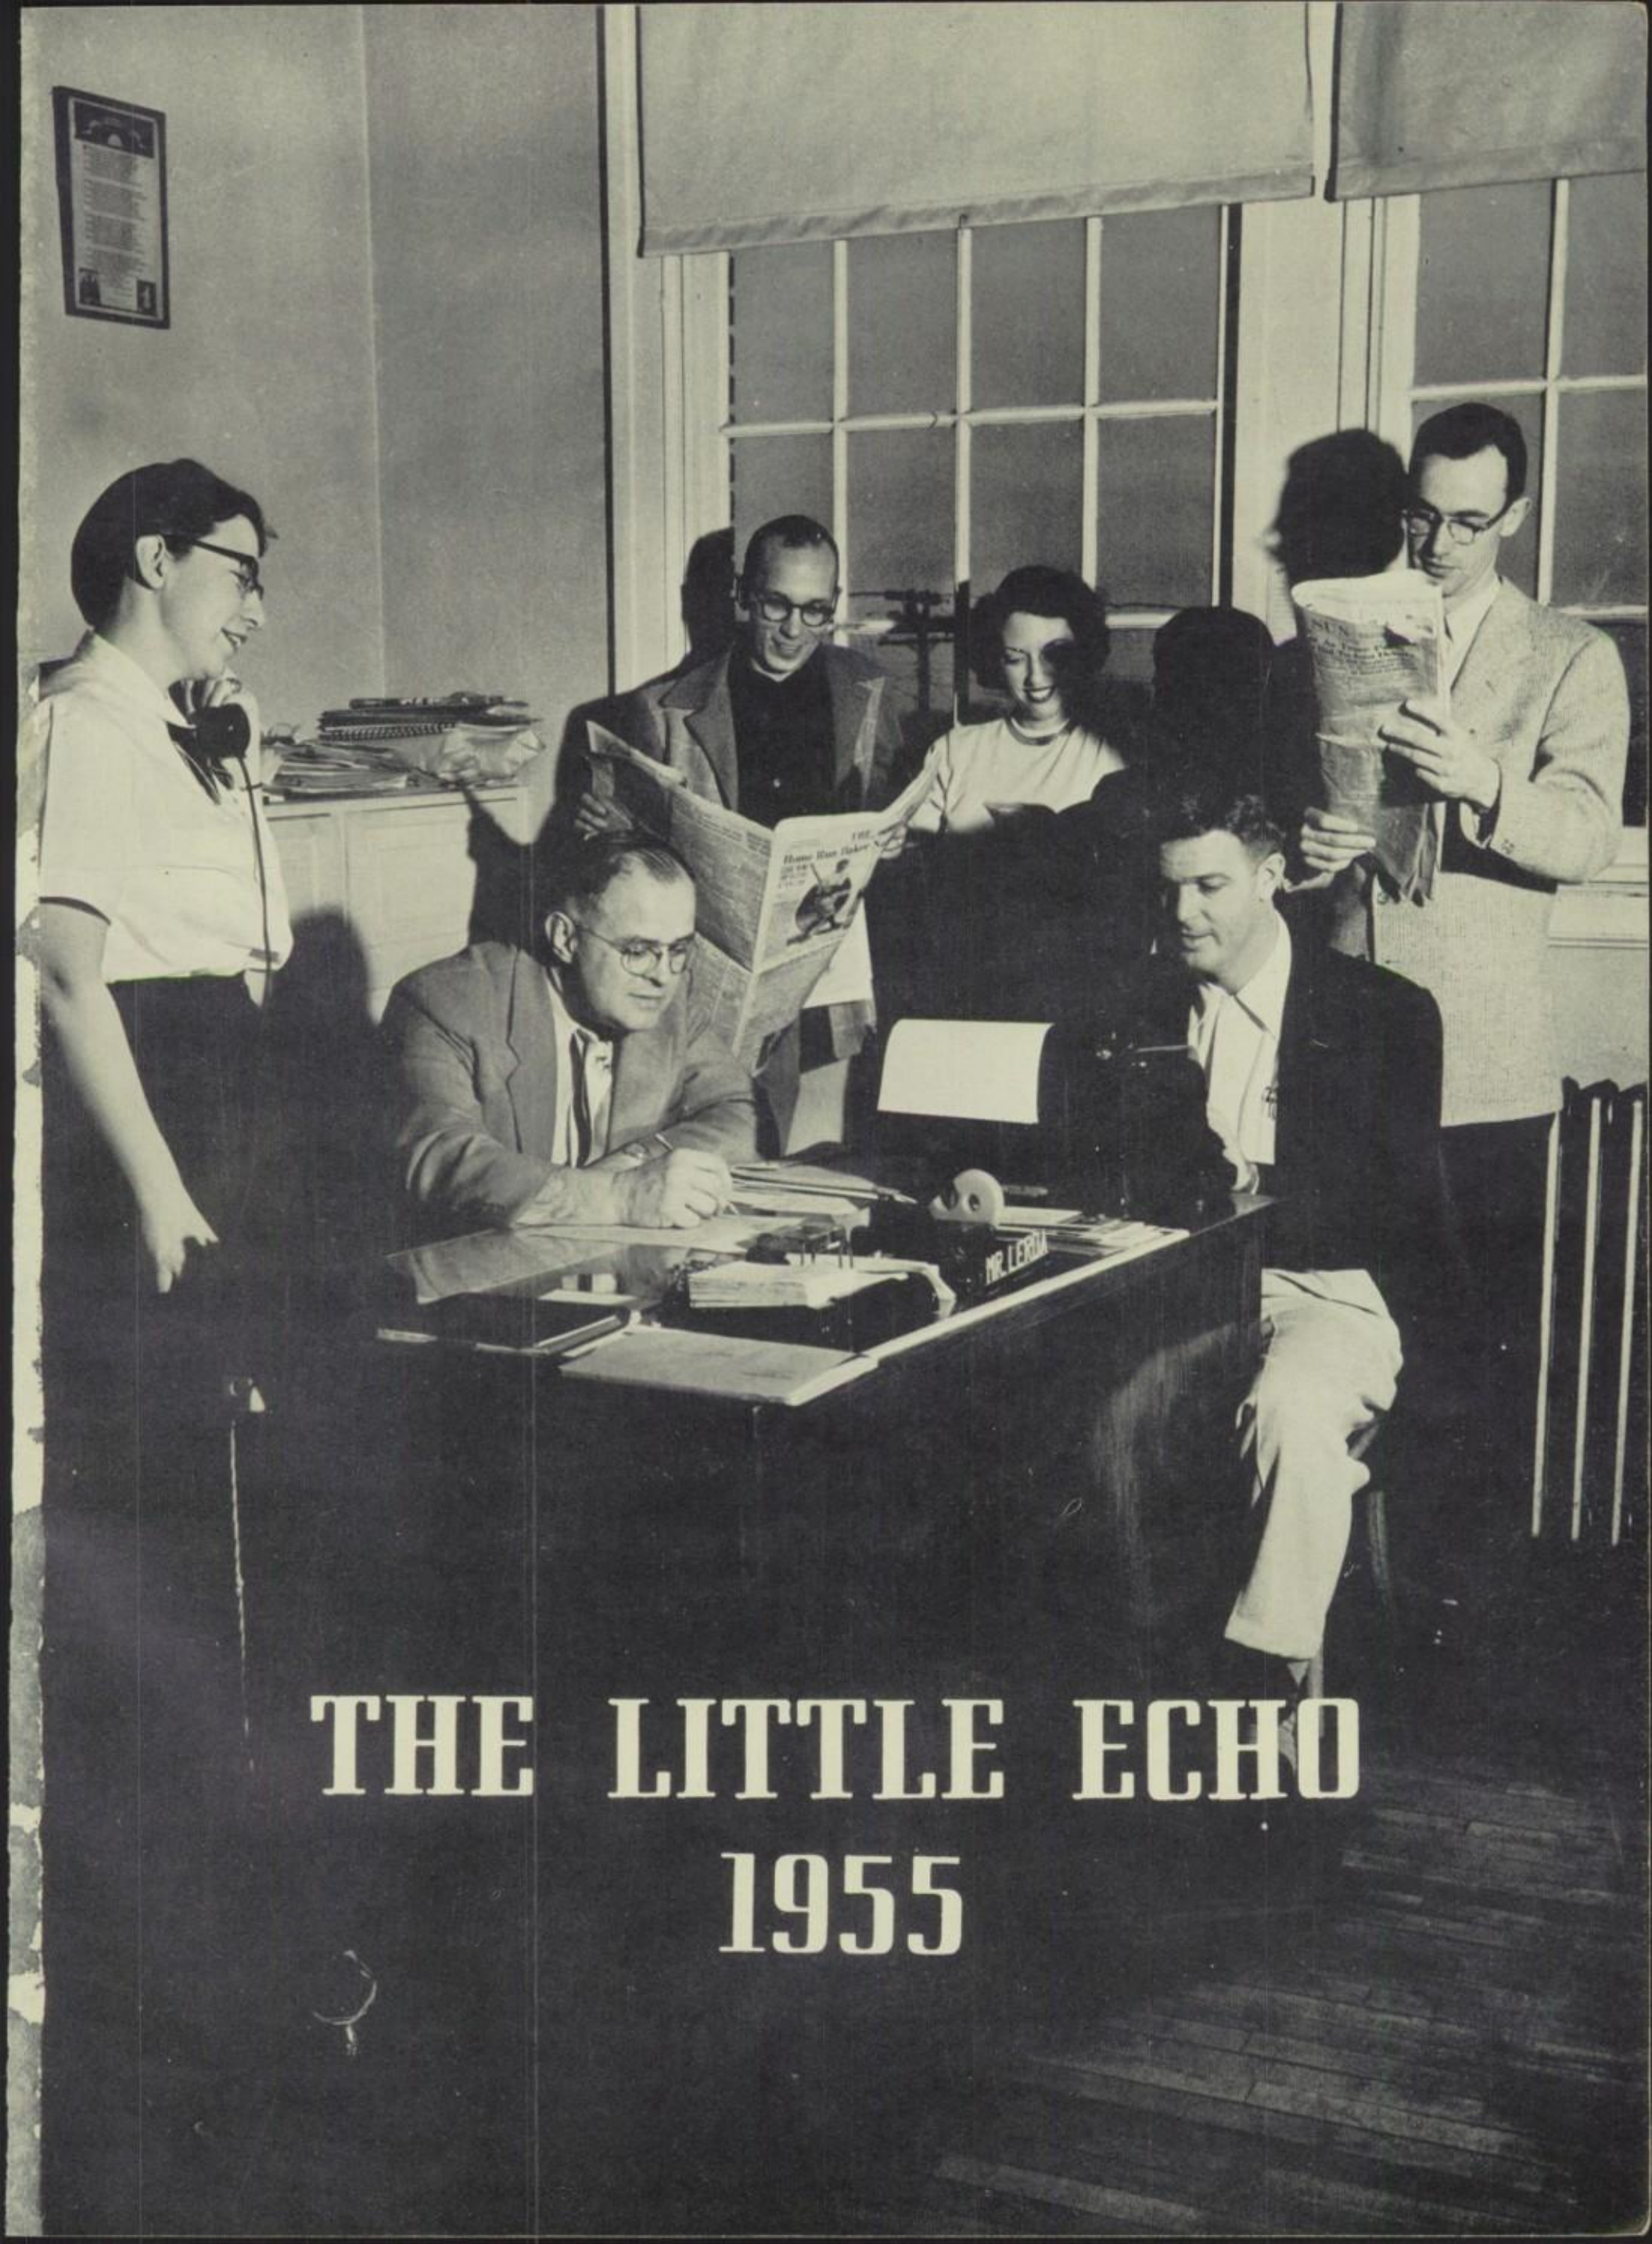
Little Echo 1955





THE LITTLE ECHO
1955

On the preceding page you just saw the faculty of Hampstead High School, and a fine group of men and women they are, too. They're always willing to help us, even with extra-curricular activities. Let us introduce these people who are going to administer the schedule today.

Mr. Stephen A. Lerda, Principal, B. S., M. Ed.

Mr. William C. Kelly, B. A.
Mr. Loren Simpson, M. A.
Mrs. Virginia Gerstl, B. Ed.
Miss Barbara Yingling, B. S.
Mrs. Julia Johns, B. A.
Mr. Jack Martz, B. M.

Miss Diane Carey, B. A.
Mrs. Mildred Ecker, B. A.
Mr. Richard Clower, B. A.
Mrs. John W. Manspeaker, B. A.
Mr. Richard Sizer, B. A.
Mr. Jacob Zigler, B. A.

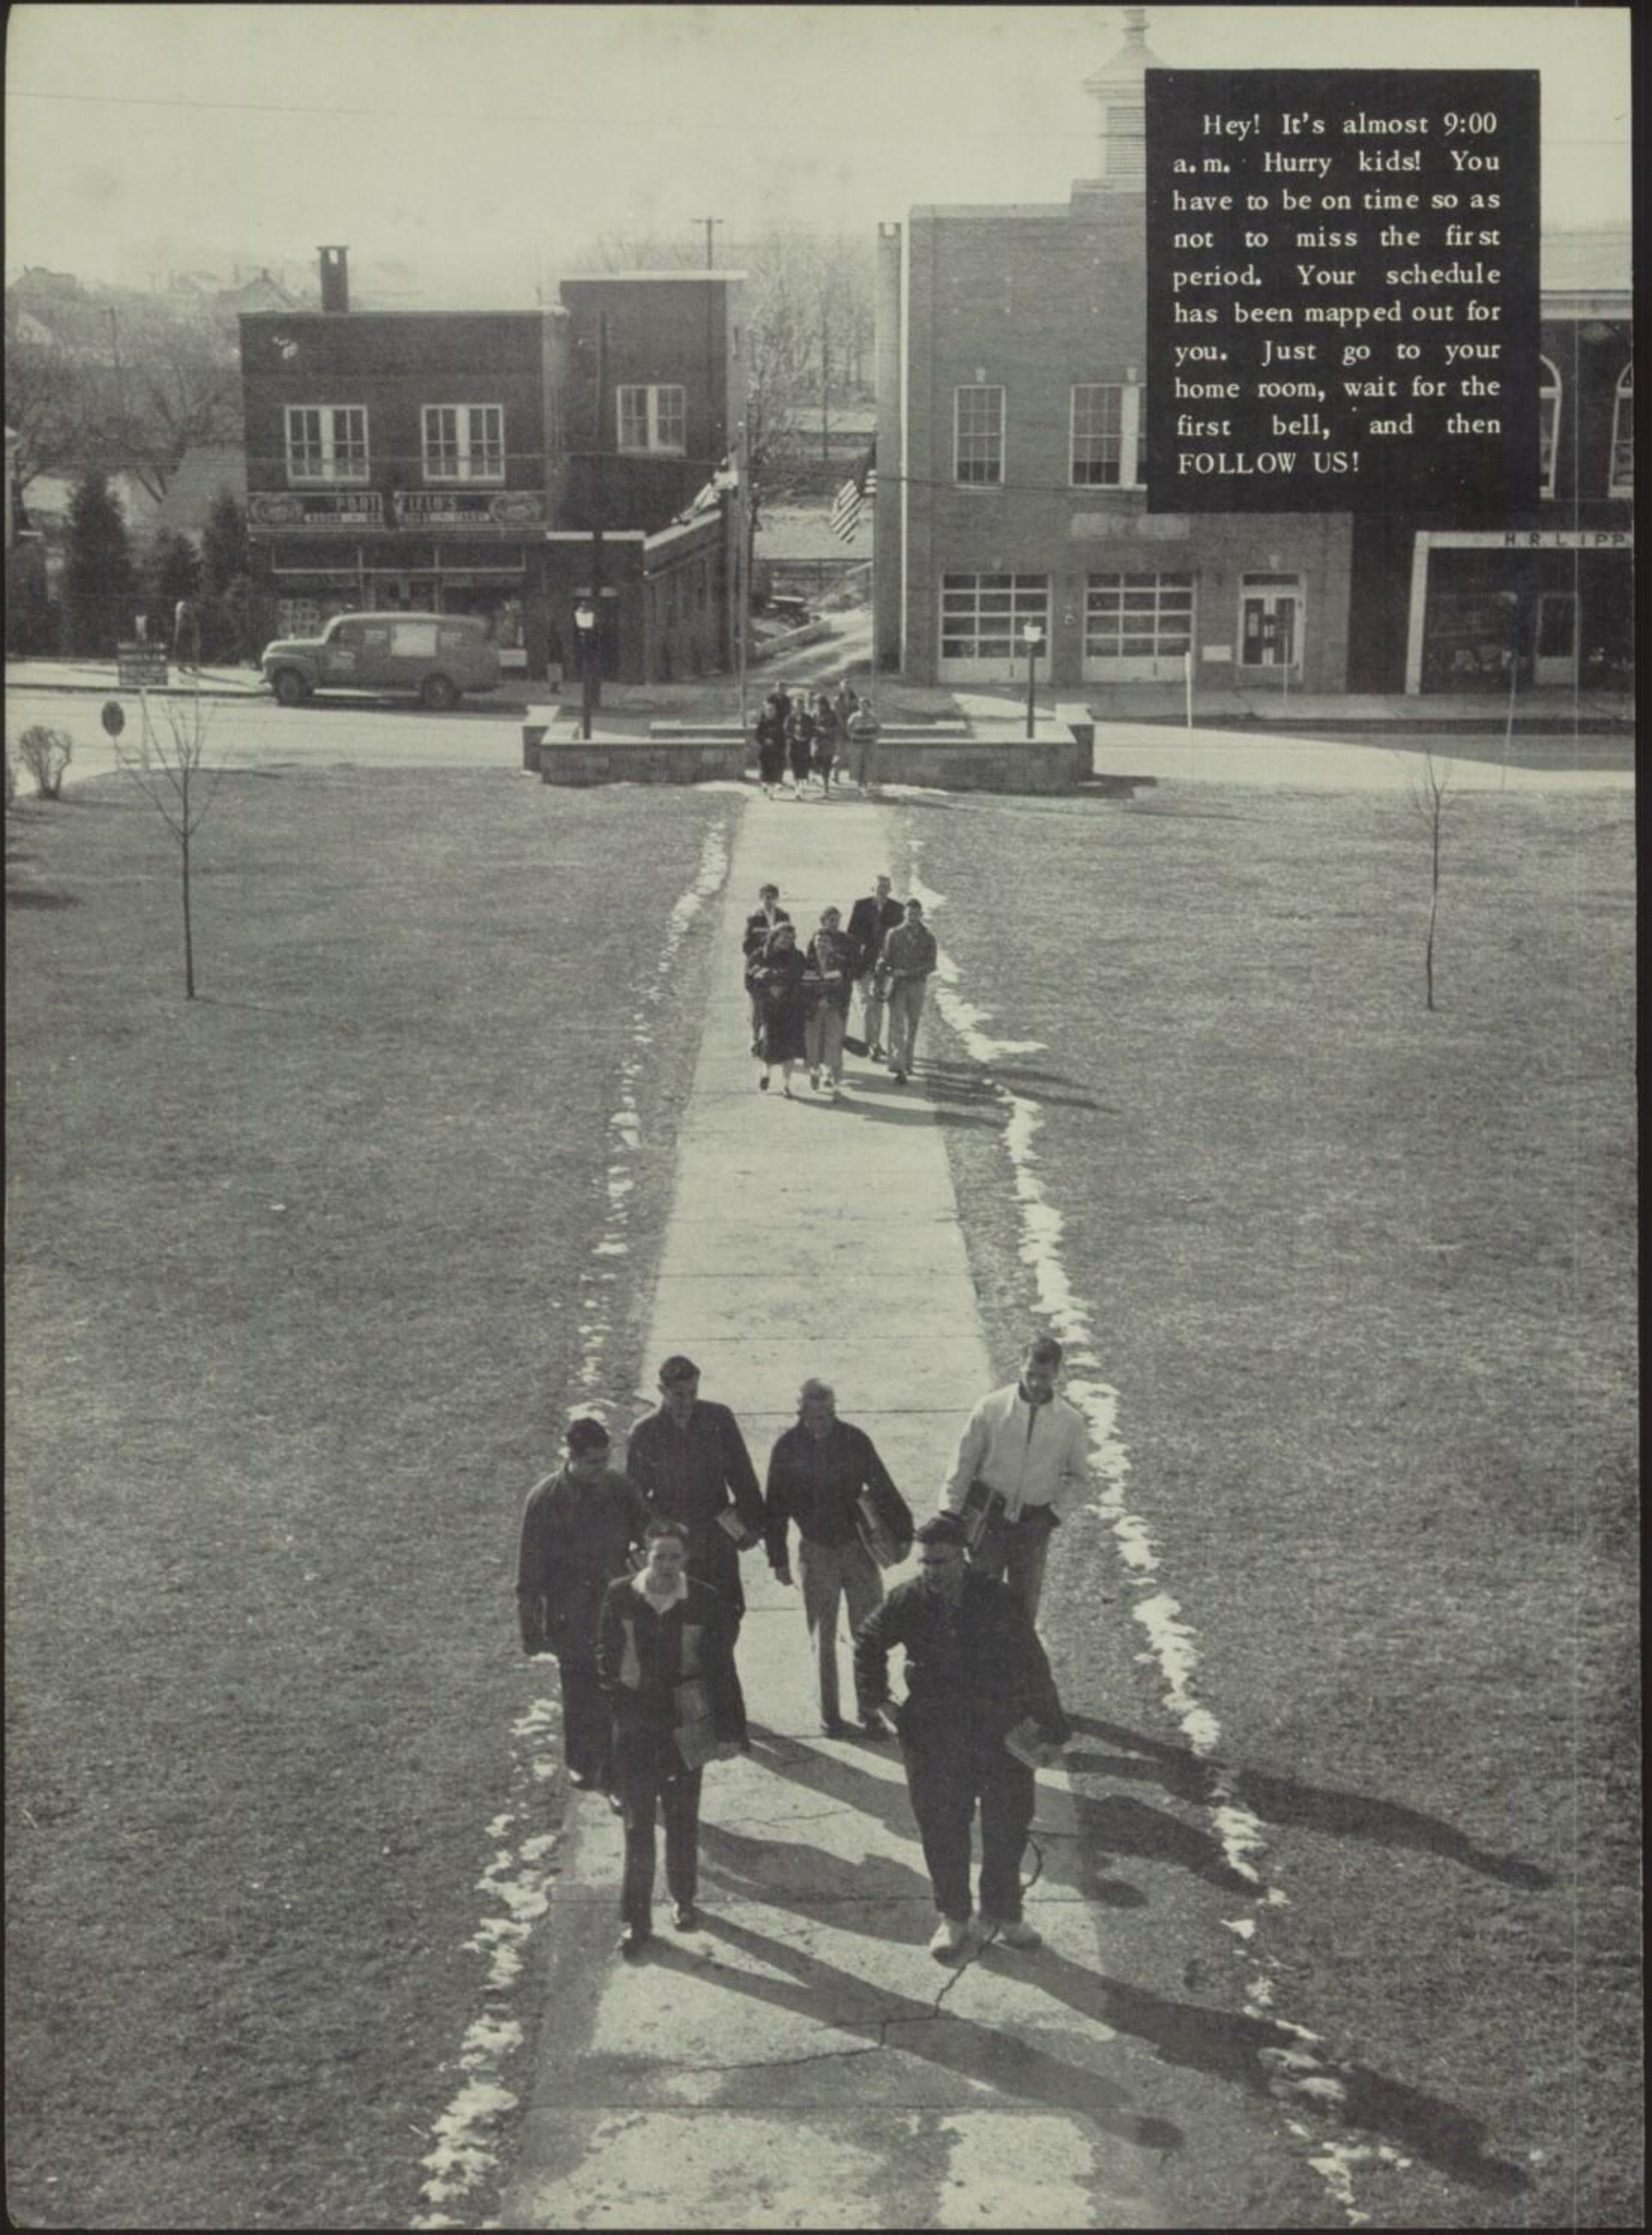
As for the people who made up the schedule for today, well, they are better known as the Little Echo Staff. Without their cooperation and willingness to work, Little Echo would not be what it is. The Staff is as follows:

Editor-in-Chief . . . . . Arnold Martin
Photography Editor . . . . . Bob Porterfield
Sports Editors . . . . . Carol Hartman and Dickie Coppersmith
Associate Editors . . . . . Jack Schreck, Charles England
. . . . . Joan Stanbury and Scott Merryman
Art Editor . . . . . Jackie Leister
Copy Editor . . . . . Marjorie Rill
Business Manager . . . . . Martha Rill
Circulation Manager . . . . . Virginia Ellen Frush
Typists . . . . . Pat Sheridan, Rosalie Czawlytko, Vernice Rill
. . . . . and Richard Talbert

DEDICATION

To Mr. Stephen A. Lerda, principal, and to Miss Barbara Yingling, senior advisor, who during our years in Hampstead High School have offered so completely and unselfishly their guidance and instruction to encourage our becoming good citizens, we, the class of 1955, dedicate this issue of the Little Echo.

Surely what successes we may find in life will be due in part to our association with these, our teachers.



Hey! It's almost 9:00 a. m. Hurry kids! You have to be on time so as not to miss the first period. Your schedule has been mapped out for you. Just go to your home room, wait for the first bell, and then FOLLOW US!

CHARLES ROBERT BEAM

Academic 5'8"

Brown eyes--brown hair

If you need an answer to any algebra problem here is your man. He does wonders with an algebraic formula. He knows the answer as well when you speak of agriculture. Believe it or not, he runs a farm all by himself, and that takes both brains and brawn. We needn't worry about Charlie; he can take care of himself and others as well.

BARBARA JANE BOND

Academic 5'6"

Brown eyes--brown hair

Barbara is a credit to the scholastic standing of our school. She is an outstanding scholar but is not what you call a bookworm. She participates in all school activities and never misses a chance to help her school or her class. Somehow, this girl is going to make headlines . . . just wait and see.

PHYLLIS MARIE CLAS

Academic 5'3"

Blue eyes--red hair

Phyl is the dazzling redhead of the Senior class. She is exactly like her giggle--cheery. Phyl is both a hard worker and a good friend. Her ambition is to either go to business school or join a branch of the Women's Armed Forces. Good-luck, Phyllis, in whichever one you choose.

RICHARD LEE COPPERSMITH

Academic 5'9"

Brown eyes--brown hair

Dickie has always been a source of entertainment to us all. He can joke with the best of them and competes in almost any sport. He has a personality which provokes smiles from the saddest of situations. He knows when to become serious just as he knows when to be funny, as shown by his work in church groups.

DONALD LANDON DELL

General 5'10"

Blue eyes--brown hair

Here you see a farmer who really knows what he's doing. His ambition is to own a perfect farm and, brother, that's some goal. He'll make it, don't worry. He has grit and determination enough to do anything he puts his mind to, and we all admire him for it.

FREDA MAREA DAVIDSON

Commercial 5'5"

Brown eyes--brown hair

Freda is the best natured kid you could ever hope to meet. There's nothing that she won't do to help you. She can always be found doing some typing for someone as a favor. No matter what's to be done, she does it with a smile. The lucky boy whose diamond she splashes will really be happy with her. You can bet on that! She still plans to have a career, though; probably in the commercial field, as it is there that her interest lies.

ROSALIE CZAWLYTKO

Commercial 5'4½"

Blue eyes--brown hair

Rosie is a wonderful girl to have in any class. She is friendly, happy-go-lucky and cooperative. Rosie has not yet decided as to her future, but the class is sure she will succeed in anything she chooses.

CHARLES HAYES ENGLAND

Academic 5'9"

Hazel eyes--dark brown hair

Well, here's a real live wire--always in everything for one purpose, a laugh. What do you think he plans to become--a mortician! It's a shame to waste his personality like that. However, he does make pretty good time with the girls!

VIRGINIA ELLEN FRUSH

General 5' 7½"

Blue eyes--dark blonde hair

Ginie is going to go places, you wait and see. She has the looks and the personality to do it. Her desire to help others gives her winning ways. A fashion-setter in every sense of the word, probably because she has such good taste. We know she will be successful as a buyer.

CAROL VIRGINIA HARTMAN

Academic 5' 3½"

Green eyes--brown hair

Despite her height, she is always head and shoulders above the crowd in fashion, in sports, and number of friends. She has always taken pleasure in introducing stunning hair styles and will probably continue the pace at the U. of Md. where she wants to take up Political Science. Just how would you like to have her in your class?

HOWARD JACK LEISTER

Academic 6' 4"

Blue eyes--blonde hair

Our Colossus of Rhodes in animation, and what's more he has basketball talent. He hopes Duke's athletic program has a place for him; however, he has his sights set on a job as a civil engineer. There's not a person who doesn't like him. He has a flare for classy clothes and pretty girls. Hmm . . . . . he may even surprise himself.

PERRY LEE KIDD

General 5' 10"

Brown eyes--brown hair

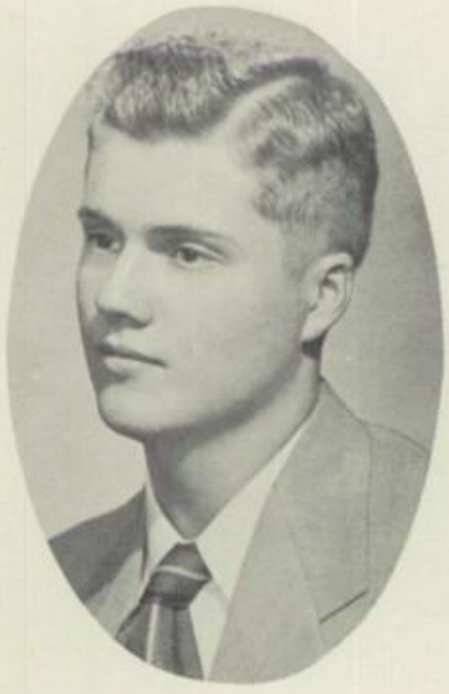
Perry likes to have a good time. He's what you'd call the perfect practical jokester. But he never pulls a prank to be smart; it's just to let you know that he's around and we all like him for it. Consequently he has lots of friends, boys and girls alike; and he always will have friends just as long as he has that big smile for which he is famous.

DAVID LEROY LEPPO

Academic 5'11"

Blue eyes--blonde hair

This kid is a crackerjack! He likes all sports, is a whiz in any field of science, and loves to debate--particularly with the teachers. He enjoys reading science fiction and has also been referred to as the "Ferocious Frenchman". Nevertheless, he represents a well-rounded individual of diversified abilities and interests.



RICHARD ARNOLD MARTIN

Academic 5'9½"

Brown eyes--brown hair

Arnold enjoys working with people more than anything else. That is why he liked being Editor of Little Echo. Other interests are art, literature, music, and dancing. He wants more than anything to be successful in the field of teaching. English is his favorite subject, since in that class he has many chances to talk and debate. His favorite sport is ice-skating.

WILLIAM SCOTT MERRYMAN

Academic 5'11"

Blue eyes--blonde hair

Here is the musician of our happy family. He plays a mean set of drums. Scott plans to enter the field of sacred music at Fort Wayne Bible College. He should get along well, both scholastically and socially, as he has a most pleasant personality. So if you see a handsome, smiling band leader, look twice--it might be Scott.

JANET MARIE MILLENDER

Academic 5'

Blue eyes--auburn hair

Janet is a wholesome individual who spends a lot of her time baby-sitting. She is an earnest church worker as well as class worker. By the way, she can bake the best cakes and pies you've ever seen. Her future is going to be devoted to nursing. We all feel certain that she'll do well, because she has had past experience working at Sinai, and has already the patience and gentleness of a nurse.

MARJORIE ANN RILL

Commercial 5'4½"

Hazel eyes--black hair

We all think Margie looks a lot like Liz Taylor. However, she is more interested in being a secretary than a movie star. Her attractive clothes and hair style would draw the attention of anyone. She is a very helpful and willing worker around school. Best of luck, Margie!

ROBERT EDWARD PORTERFIELD

Academic 5'11"

Green eyes--brown hair

Robert is, without a doubt, one of the ablest leaders a class could hope for. He was unanimously elected senior class president, and has successfully done his duty. He has an interest in furthering his education, particularly in the field of photography. He's already a crack semi-professionalist. We were lucky to have such a leader in our class.

JANICE LaRUE RICHARDS

Commercial 5'6"

Blue eyes--blonde hair

More people have seen Janice laughing than any other way and, brother, don't ever try to kid her because you'll get the worst end of the bargain. She always has a remark ready, sometimes amusing, but always effective. She has more intimate friends than any other senior. The reason, of course, is her desire to comfort and help everyone. It is safe to say she could never hurt anyone's feelings. It's just her nature.

EARL LYNN RILL

General 6'

Brown eyes--brown hair

Lynn is our star basketball player. He is one of the leaders of the league in scoring. He is also interested in mechanical work and keeping his car in good shape.

Another thing for which he is noted is his deadpan but humorous expressions. He has a special knack for making people laugh at no one's expense. That's why he has so many friends. He plans to enter the army or air force.

VERNON VICTOR PARRISH

General 5'8"

Brown eyes--brown hair

Vernon is interested in the field of mechanics, as exemplified by his love for cars. He can always be seen either in a car or under the hood of one. He likes to sport the ladies, and that requires a car where Vernon is concerned. He has a way with people which makes him humorous and interestingly different, but well liked.

MARTHA LAVINA RILL

Commercial 5'1½"

Blue eyes--blonde hair

Martha is the treasurer of our class this year, mainly because of her Commercial abilities. She leads her class in typing speed and bookkeeping neatness. With her handling our finances there's never a worry. Always cheerful, always busy, that's our Martha!

VERNICE LORRAINE RILL

General Business 5'6½"

Brown eyes--black hair

Vernice likes to tease and joke with everyone. She is very loyal to her friends and will always stick up for them. She wants to enter the Commercial field to become a bookkeeper. We sincerely wish her luck in whatever she may do.

JACK MICHAEL SCHRECK

Academic 6'3"

Brown eyes--brown hair

Jack is one of the more serious members of our class, although he can also be the life of a party. Broad-minded and understanding, he is good natured but firm in his beliefs. He definitely objects to being bossed. Good luck in the field of engineering.

VIRGINIA ANN SEAKS

Academic 5'6"

Blue eyes--brown hair

It is fair to say this sweet kid is probably the most popular girl in the school. She has the most pleasant of personalities in the Senior Class. One of her personal traits is that she never takes sides in an argument. We'll always remember Ann's nice ways and feel certain she'll soon obtain her M. R. S. degree.

PATRICIA MARIE SHERIDAN

General Business 5'5½"

Blue eyes--blonde hair

Pat has been with us only for about a year but she certainly has made a hit with all of the class . . . She's the spryest chick in our class. She makes friends easily. Once she is your friend, she stays so. We all have enjoyed you, Pat, and we'll miss you, but we won't forget you.

EDDIE CLINTON SIMMONS

Academic 5'9"

Brown eyes--brown hair

This boy has one outstanding characteristic, and that is that he'll never say "I quit." You'll probably hear him say, "I'll try." Ed is serious, but only because he has to be. As Editor-in-Chief of the school paper, he has worked against terrific odds and succeeded. He has strength of character, but above all the desire to work with and for others. He'll do well in college, and you can bet your life that he'll never let anyone down.

RICHARD ELLSWORTH TALBERT

General Business 5'4"

Brown eyes--brown hair

Bud is a General Business student and is extremely interested in making the most of his school years. He has successfully blended seriousness of nature and a smile to produce a look of distinction which is a rarity in young men of our age. Bud will be pleased at having such a noble appearance, for a good impression is a must in the business world, and Bud is all business.

JOAN ELENOR STANSBURY

Academic 5 5'6".

Blue eyes--blonde hair

To us this girl is the most resolute of any one in our class. She likes to think for herself and do for herself. Her manner is a tribute to her appearance, which is always very attractive. Her blonde hair attracts many beaus, making her a very popular girl. She is interested in church work and has strength of character. She plans to attend Union Memorial Hospital for nurse's training. This girl is one of the friendliest in the class.

CARLTON FOOKS THOMAS

General 5'9"

Brown eyes--brown hair

Here is a typical three-letter man. He's tops in track, plays first-string varsity basketball, and is the fastest leg man of our soccer team. None of it has gone to his head either; that's an example of his modesty. When we say "modest" we don't mean "shy." He's quite a ladies' man, as you can probably tell. In fact, he's everybody's man.

GERALDINE ROMAINE WERNER

Commercial 5'3"

Blue eyes--light brown hair

Gerry is our beauty queen, and has been seen in many beauty contests. No wonder, she really has what it takes! And that's not all, she has the sweetest disposition you could imagine. I don't know who the lucky boss will be (she wants to be a private secretary) but we all envy him. P.S. She must be intelligent because she's president of the Student Council.

PAUL JOSEPH YINGLING

General 6'5"

Brown eyes--black hair

Paul, better known as the Eiffel Tower's double, is a happy-go-lucky sort of fellow, who's always helping others in his friendly manner. Paul is the greatest class tease, and in the middle of any excitement. Basketball has always been his first love. We'll remember you, Paul.

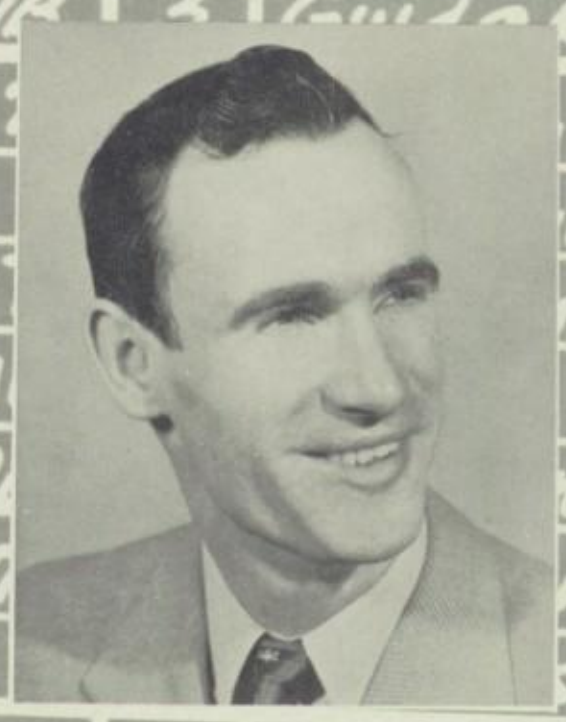
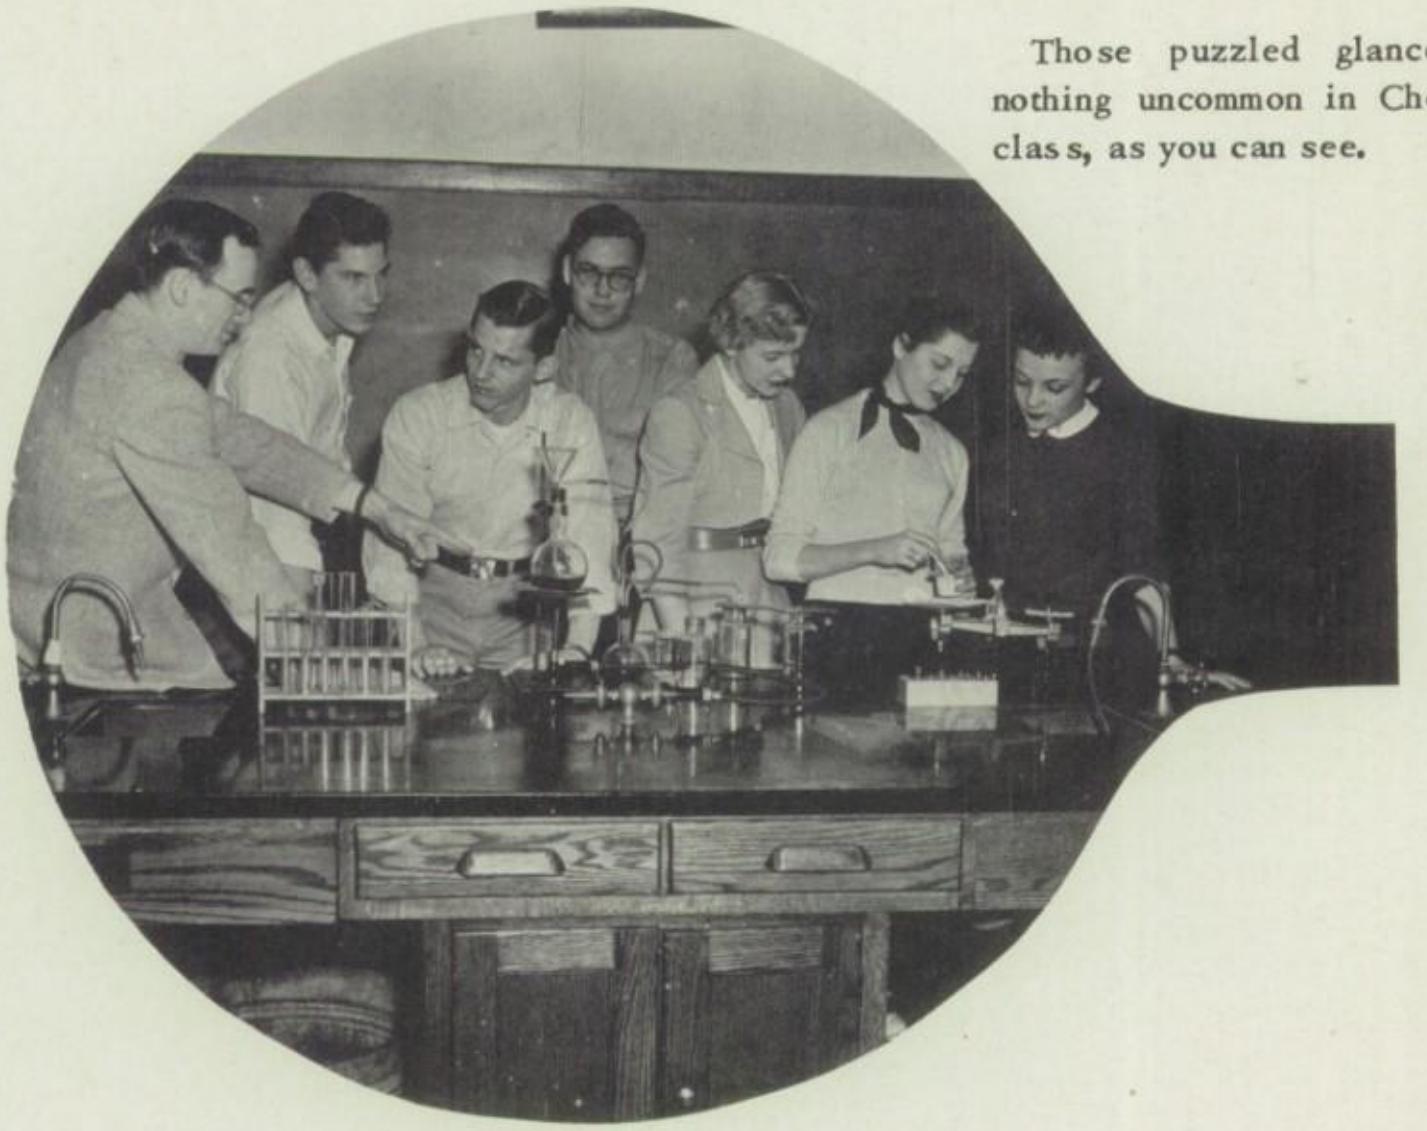
PERIOD I

SCIENCE

Miss Diane Carey, B. A.



Mr. William Kelly, B. A.



Those puzzled glances are nothing uncommon in Chemistry class, as you can see.

Please, boys and girls, let's not be bored; after all this is Biology class.

Careful, Mr. Kelly! Accidents have happened in Senior Science class before.

Miss Barbara Yingling, B. S.

In office practice, practice makes perfect.

Watch closely! Mistakes are costly in shorthand class.

Is bookkeeping class really that amusing?

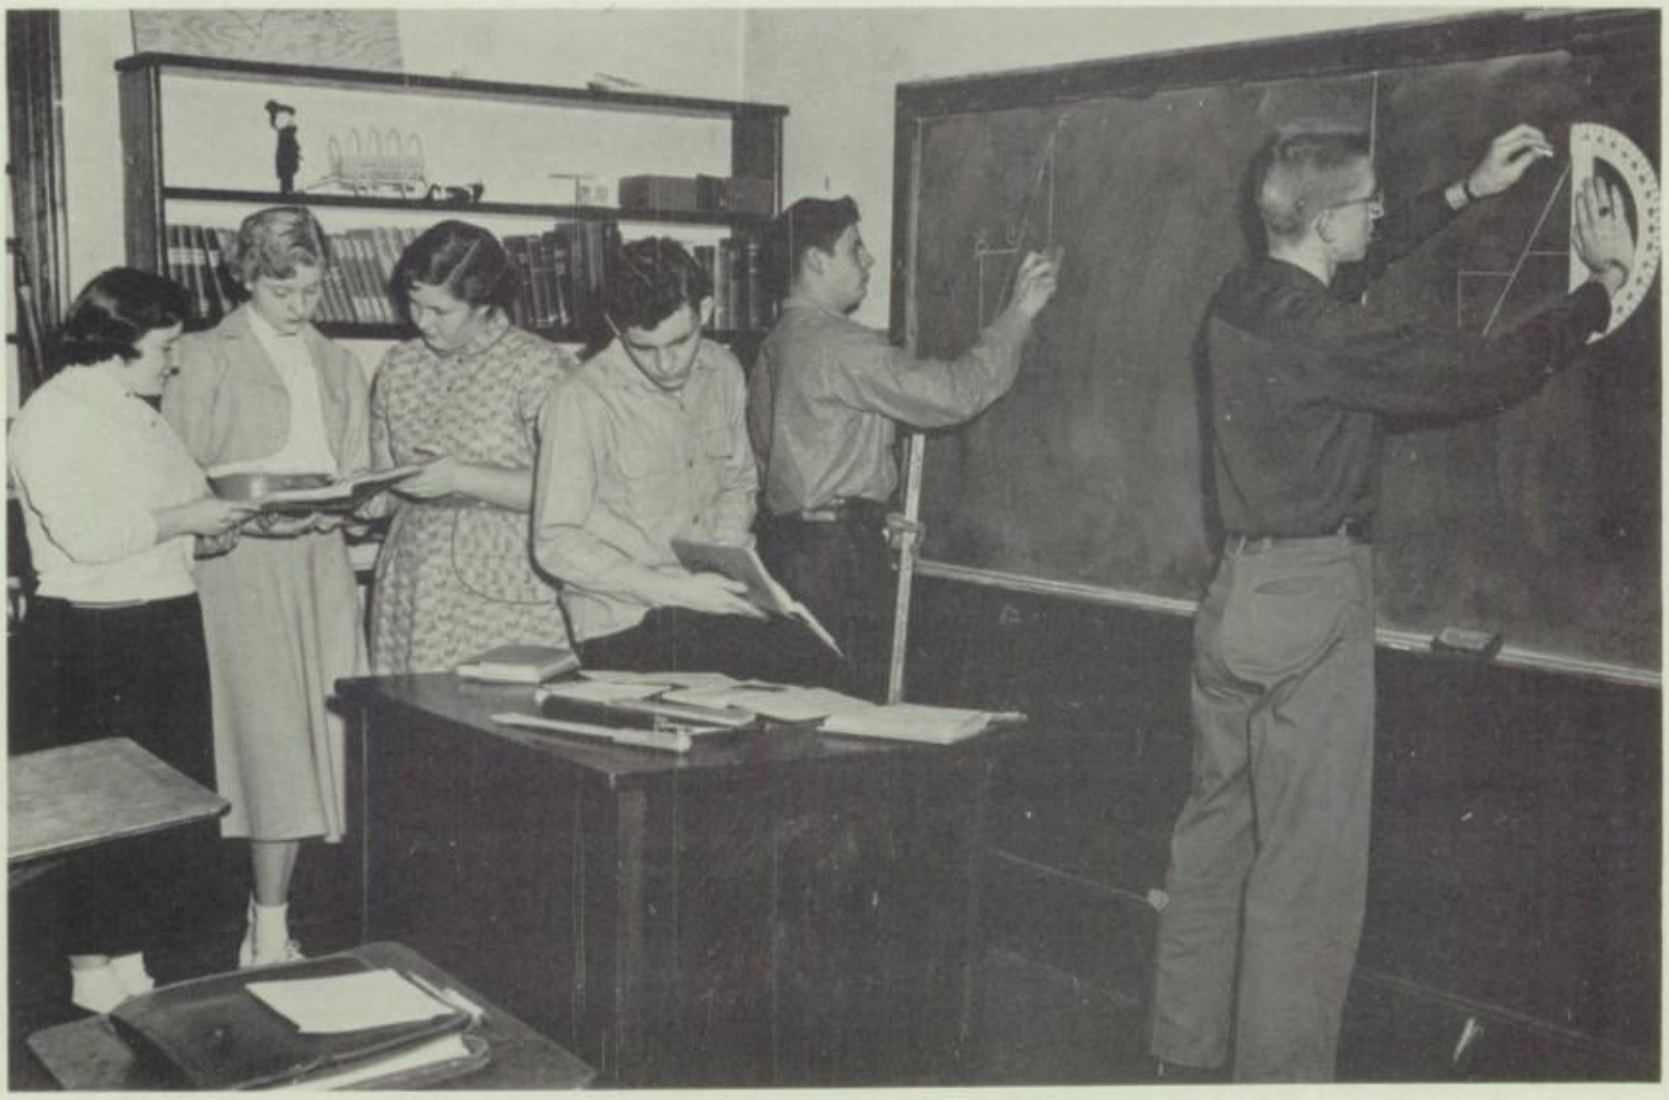
You have to be a whiz to be tops in this typing class.

PERIOD III

MATHEMATICS

Mr. Richard Sizer, B. A.

Mr. Loren Simpson, M. A.



Geometry can be difficult, if you forget those axioms, theorems, postulates.

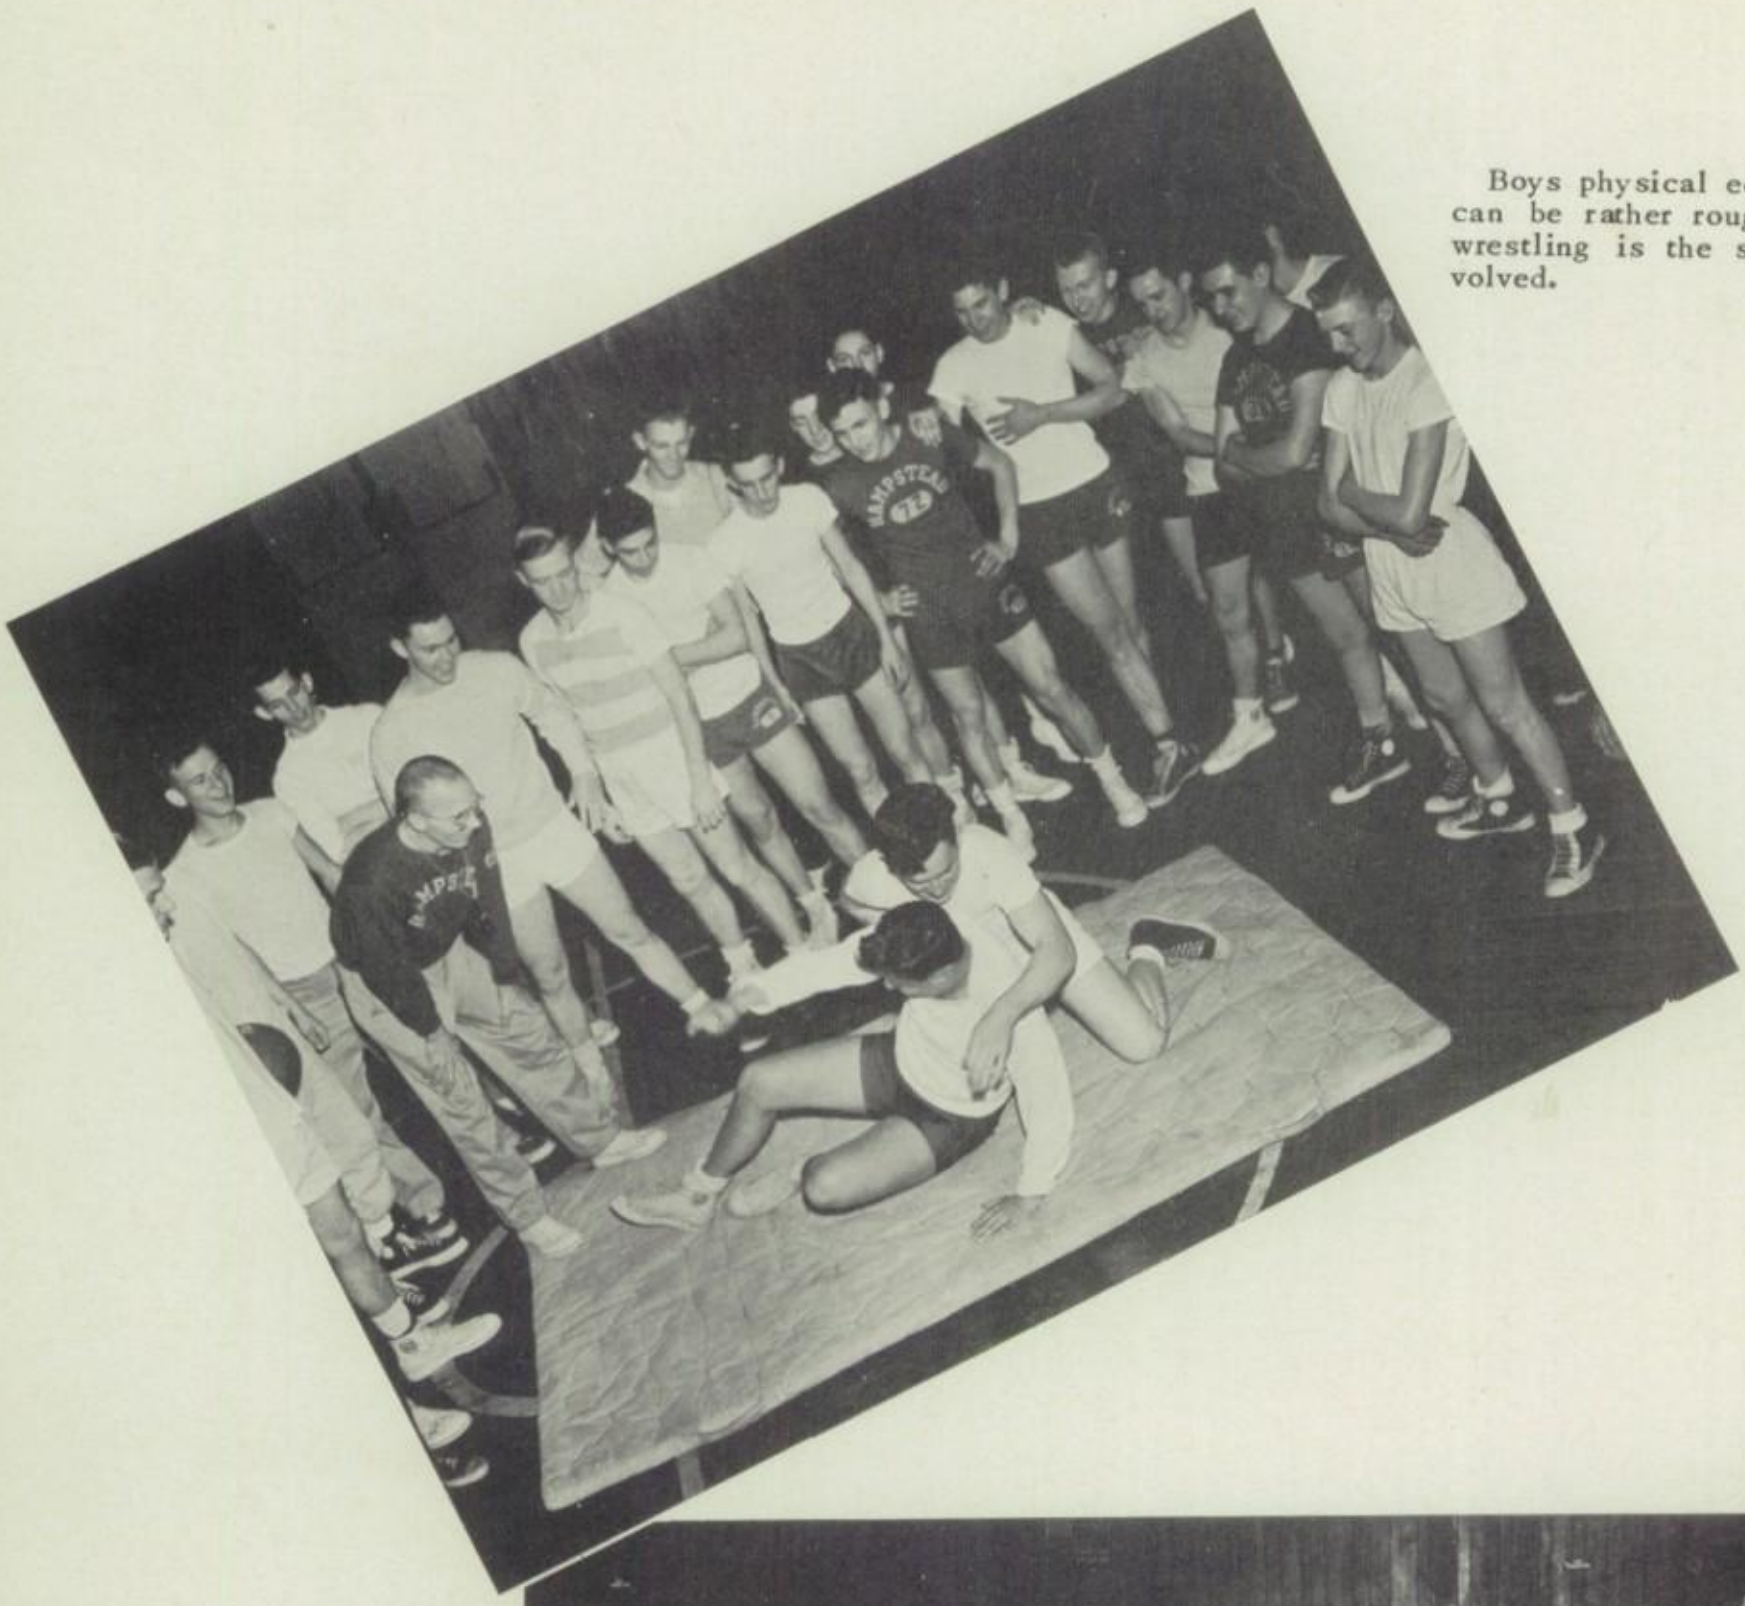
Everyone must concentrate in senior mathematics!

PERIOD IV

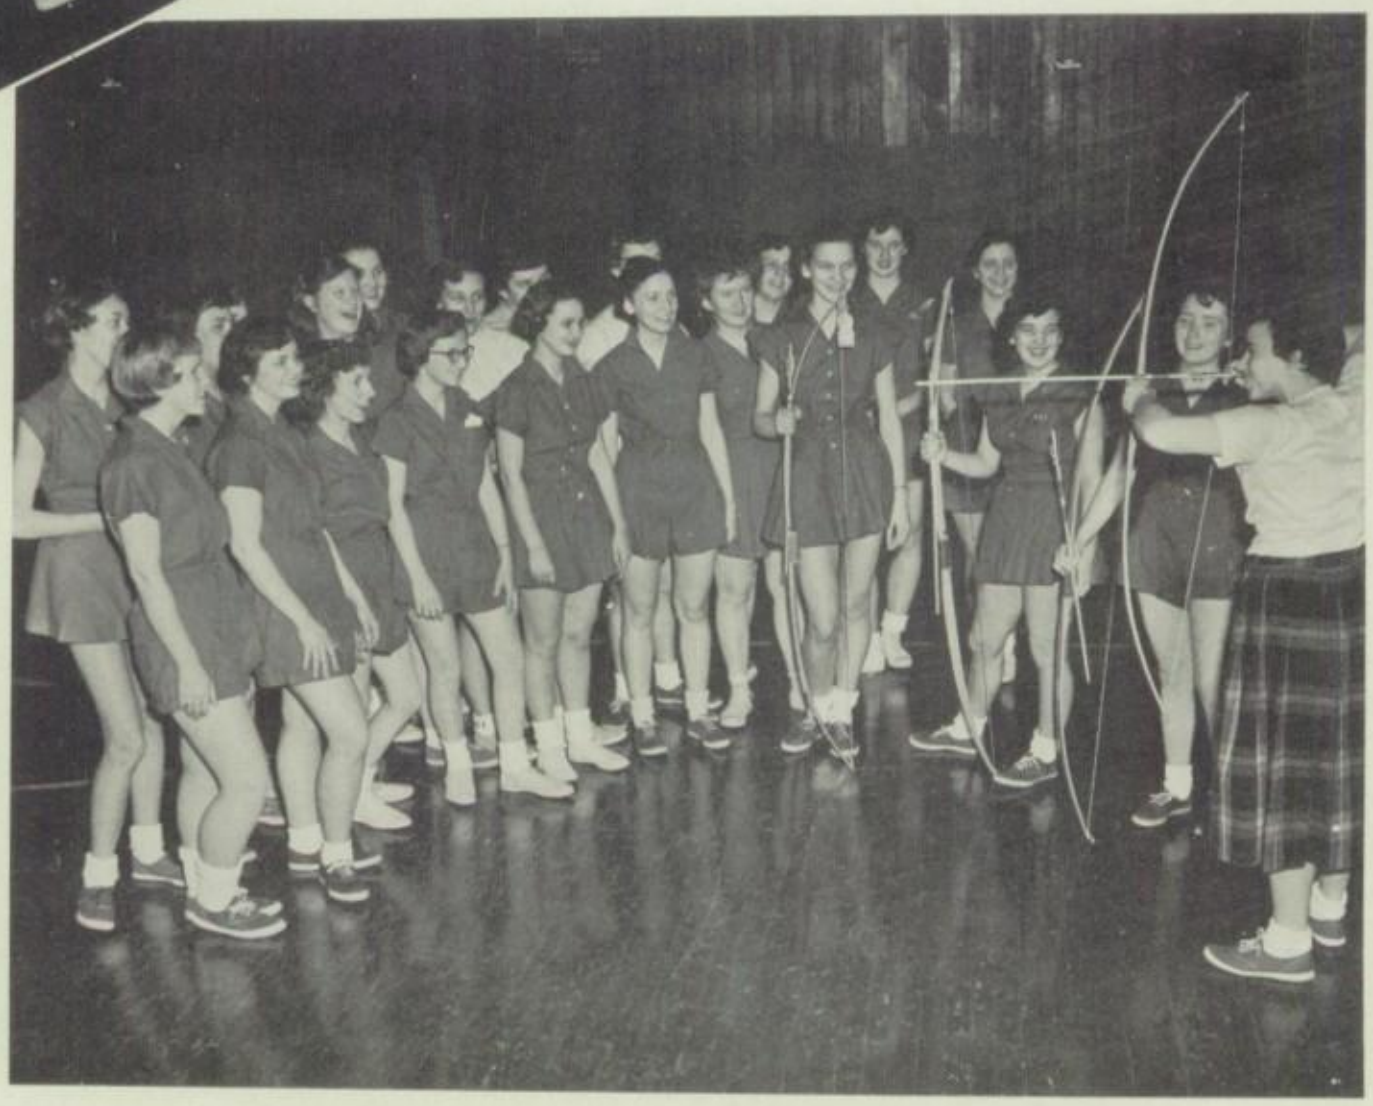
PHYSICAL EDUCATION

Mrs. Mildred Ecker, B. A.

Mr. Richard Clower, B. A.



Boys physical education can be rather rough when wrestling is the sport involved.



Girls, don't hold your wrist next to the bowstring.

"54"–"55" VARSITY SOCCER TEAM: Standing, L. to R.: W. Bentz, J. Leister, R. Coppersmith, L. Lerda, R. Georg, R. Thomson, G. Meredith, F. Walsh, C. Thomas, G. Bellusci, S. Merryman, K. Coppersmith, R. Here you see the girls roughing it up a little.

PERIOD V

VOCATIONAL ARTS

Mrs. John Manspeaker, B.A.

Mr. Jacob Zigler, B. A.

Girls learn to do everything that good homemakers should do, in Home Economics class.

Watch closely, fellows, for the instruction of your teacher in Shop class is essential.

In Driver's Training, every student must learn some of the parts of the car.

PERIOD VI

LANGUAGE, ARTS, HISTORY AND P. O. D.

Mrs. Virginia Gerstl, B. Ed.

Mrs. Julia Johns, B. A.

Mr. Stephen A. Lerda, B. S., M. Ed.

"You had better watch your lines. Come now, you can smile more than that. You missed your cue." These are samples of the chatter in English 12 during drama session.

"Francais est un sujet difficile." You can say that again!

No wonder they're studying so diligently; Junior English is a rough period.

The main object of P.O.D. class is to strengthen our powers of reasoning.

U. S. History is one subject that requires a lot of memory work.

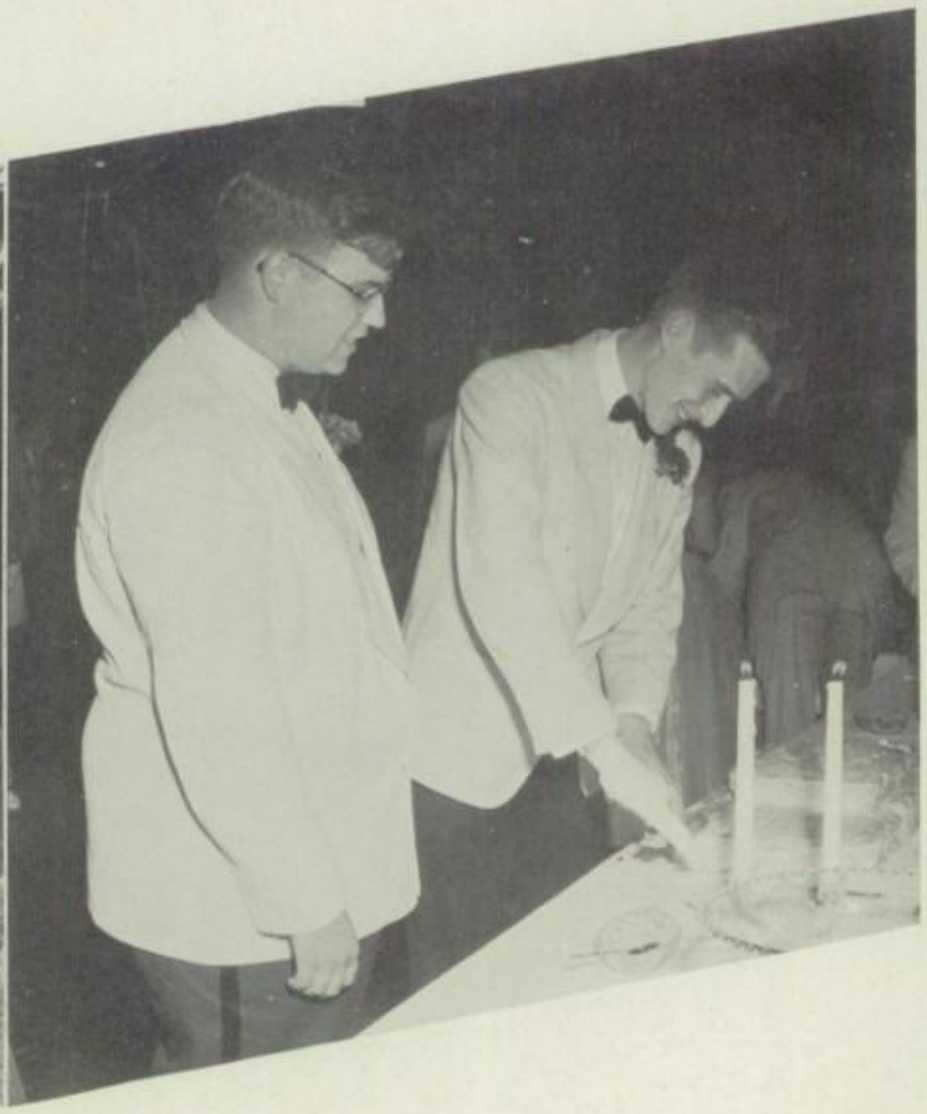
PERIOD VII

ACTIVITIES

Mr. Jack Martz, B. M.

Mr. Ralph Minnick, B. M.

The loveliest night of the year
. . . the Junior-Senior Prom.



If it's problems about school that you have, just see the Student Council. They'll help you.

The editorial staff of the Blue and Gold paper (above), the reporters (below, right) and the typists (below, left) are all deserving of much credit. Little Echo congratulates the whole staff on its success thus far this year.

The magazine campaign is one of the school's fund-raising activities.

The seniors of Caroll County assemble at Westminster for Senior Day activities.

These cheerleaders can be counted upon to keep up the team's morale.

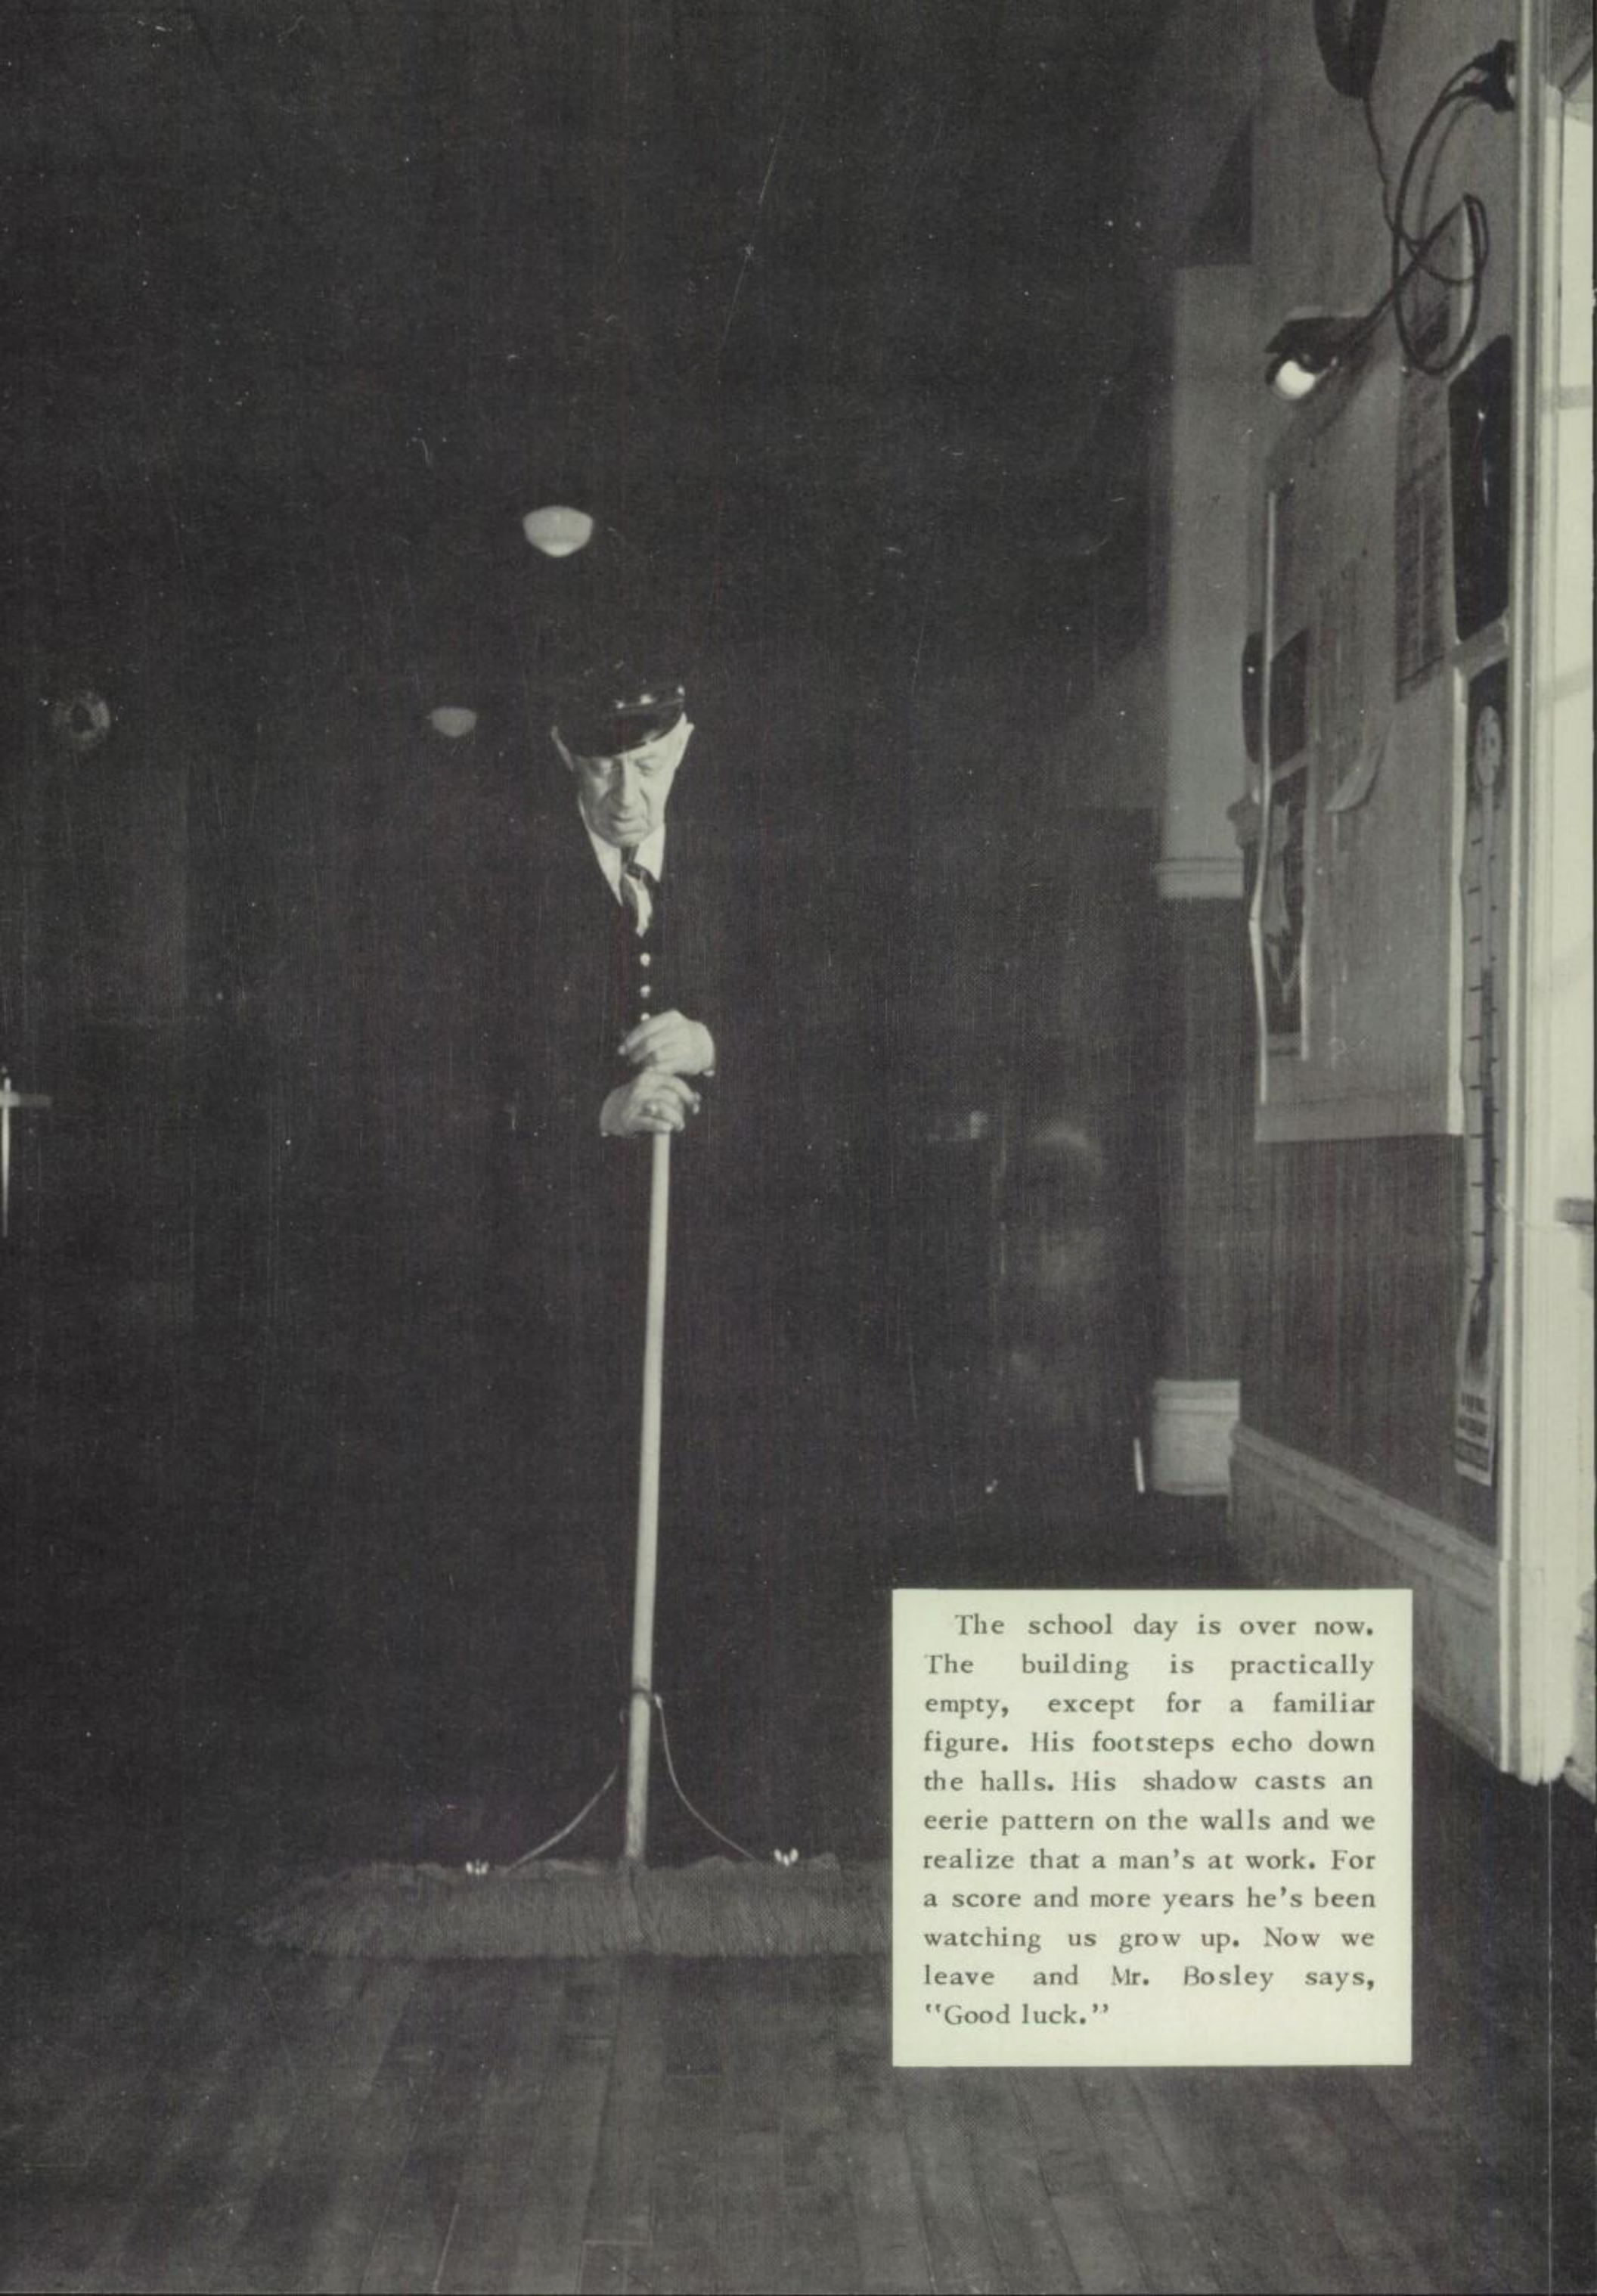
The school fair, through the combined efforts of all the high school, was a big success this year.

The cheerful Christmas spirit was beautifully reflected in the Christmas Pageant.

Hampstead High School has consistently been having an active chorus and it is becoming even more important in our school activities.

THE ELEMENTARY TEACHERS: L. to R.: Miss Frederick, Miss Bankert, Miss Derr, Mrs. Miller, Mrs. Murray.

L. to R.: Mrs. Sprinkle, Mrs. Schlotzhauer, Mrs. Houck, vice-principal, Mrs. Marsh, and Mrs. Senseney.



The school day is over now. The building is practically empty, except for a familiar figure. His footsteps echo down the halls. His shadow casts an eerie pattern on the walls and we realize that a man's at work. For a score and more years he's been watching us grow up. Now we leave and Mr. Bosley says, "Good luck."
